American Legion Auxiliary

Presented to:

Deidre "Dee Dee" Jones

The 2021

Department of Florida

Junior Member of the Year

ON THE 3RD DAY OF JULY, 2021

Ann King Small

DEPARTMENT PRESIDENT

DEPT. JUNIOR ACTIVITIES CHAIRMAN

JUNIORS

Department of Florida

We are very lucky to have some fine young ladies in our Department that are very driven as well as truly want to assist us in "working the Mission and living to the motto: Service Not Self!"

This past year has been hard on a lot of people, but one of our Juniors members (no matter how hard it was) seemed to push through with resilience and strives to do good in her neighborhood, be a nice person by making things better for her fellow citizens and community members. This Junior member is involved in extracurricular activities, has a very supportive family and does very well in school.

This year's Department of Florida Junior Member of the Year is: Deidre "Dee Dee" Jones

We have also submitted Deidre for the 2021 Junior Auxiliary Member of the Year on the National Level.

"Dee Dee" completed a bench project that was inspired by her father who was a disabled American Veteran and recently passed away. She is an Active Junior ALA Member of Sgt. David G. Ledgerwood Unit 255 in Deltona. A young lady like her, doesn't come along very often. She submitted an impressive resume and scrapbook. She has community spirit and is very active in and around her neighborhood, she is a Girl Scout as well as a volunteer for several activities and events. Dee Dee has had to deal with way more than someone of her age, but she has shown positivity and perseverance still while maintaining her grade point average and helping her family.

The Department of Florida is so Proud of Dee Dee and feel as though she is the Best candidate to earn this year's American Legion Auxiliary Junior Member of the Year and is very deserving of this prestigious award and honor.
